Name of evaluating instructor _____

The following list of skills are in addition to those found in the advancement from green to blue. If a student regresses or develops bad habits which were on the list for advancement from green to blue, they may stay Blue for an extended period. Students will stay in Blue Solo for as long as is necessary to learn the necessary skills. Depending on their overall speed, they may stay Blue Solo for a lengthy time. If they have been blue solo for an extended time, it is recommended that they get instructors to ride with them at least once or twice during a weekend.

The following guidelines are necessary for advancement to Blue Solo. More than 2 marks in the most times category or any marks in the some times categories be cause for non-advancement.
